

OFFICE OF THE MUNICIPAL MAYOR

EXECUTIVE ORDER NO. 99

Series of 2023

AN ORDER ENCOURAGING ALL LOCAL GOVERNMENT EMPLOYEES OF BAYAMBANG TO OBSERVE CONTINUOUS WEARING OF FACEMASK IN THE WORKPLACE

WHEREAS, through Executive Order No. 7 s. 2022, President Ferdinand R. Marcos Jr. lifted the mandatory use of face masks indoors and outdoors, but reiterated the continued implementation of minimum public health standards (MPHS) to effectively prevent and minimize the spread of COVID-19 in the country even with a relaxed health protocols resulting from increased immunization in the country;

WHEREAS, Resolution No. 3 (s. 2022), of the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF) recommended the liberalization of the wearing of face mask mandate. The AITF in the same Resolution, further recommended that senior citizens, individuals with comorbidities, immunocompromised individuals, pregnant women, and unvaccinated individuals are highly encouraged to wear face masks in indoor settings for their protection from COVID-19;

WHEREAS, the Local Government Unit of Bayambang remains vigilant in the prevention of COVID-19 cases and/ or outbreak in the municipality to protect the constituents and maintain the normalcy in the delivery of services;

NOW, THEREFORE, I, MARY CLARE JUDITH PHYLLIS JOSE-QUIAMBAO, Municipal Mayor of the Municipality of Bayambang, Province of Pangasinan by virtue of powers vested in me by law, do hereby enjoin all Local Government Unit employees to continue wearing face mask while at workplace in order to protect themselves and clients from the COVID-19 and other respiratory illnesses.

SECTION 1. VOLUNTARY WEARING OF MASK. The wearing of face mask in indoor and outdoor settings shall be voluntary and optional. The Local Government Unit of Bayambang, in following the DOH Updated Protocols on Minimum Health Standards, recommends the retention of wearing of masks in the following settings for protection against COVID-19:

- a. Healthcare facilities, including, but not limited to, clinics, hospitals, laboratories, nursing homes and dialysis clinics;
- b. Medical transport vehicles, such as ambulance and paramedic rescue vehicles; and
- c. Public transportation by land, air, or sea.

Wearing of face mask is still encouraged for the:

- a. Elderly;
- b. Individual with comorbidities;
- c. Immunocompromised individuals;

SECTION 2. COOPERATION OF ALL LGU EMPLOYEES. It is our shared responsibility to ensure safe and healthy working conditions, and although wearing of face mask is now optional and voluntary, all employees of the Local Government Unit of Bayambang are **encouraged to still continue wearing face mask** in their workplace to ensure health safety of everybody. Every employee is also encouraged to exercise diligence in carrying out health protocols in indoor settings and crowded open spaces for health protection.

SECTION 3. CONTINUED IMPLEMENTATION OF THE MINIMUM PUBLIC HEALTH STANDARDS. The Updated Protocol on Minimum Public Health Standard shall be continuously implemented through our Rural Health Units and partner agencies to prevent and minimize spread of COVID-19 in the municipality.

Attached hereto is the copy of the Updated Health Protocol on Minimum Public Health Standard issued by the Department of Health for the information and guidelines of all concerned.

SECTION 4. EFFECTIVITY. This Executive Order shall take effect immediately and will continue until amended or revoked.

Let copies of this Order be furnished to all departments and offices for their information and guidance.

Done in the Municipality of Bayambang, Pangasinan, this 15th day of August 2023.

HON. MARY CLARE JUDITH PHYLLIS JOSE-QUIAMBAO

Municipal Mayor

Republic of the Philippines
Department of Health
OFFICE OF THE SECRETARY

July 23, 2023

DEPARTMENT CIRCULAR

No. 2023- 0324

TO: ALL DEPARTMENT UNDERSECRETARIES AND ASSISTANT SECRETARIES; MINISTER OF BANGSAMORO AUTONOMOUS REGION IN MUSLIM MINDANAO (BARMM); CENTERS FOR HEALTH DEVELOPMENT, BUREAU AND SERVICE DIRECTORS; SPECIAL AND SPECIALTY HOSPITAL DIRECTORS; CHIEFS OF MEDICAL CENTERS, HOSPITALS AND SANTARIA; AND OTHER CONCERNED OFFICES

SUBJECT: Updated Health Protocols following Lifting of the COVID-19 Public Health Emergency

On July 21, 2023, the President declared the lifting of the Public Health Emergency throughout the Philippines due to COVID-19 through Proclamation No. 297. In light of this, the Department of Health (DOH) clarifies the following changes in the COVID-19 protocols:

Table 1. Updated protocols on Minimum Public Health Standards

PROTOCOLS	FROM	TO
Masking	Required in healthcare facilities, medical transport vehicles, and public transportation	<p>For Health Facilities While no longer mandated, the DOH <u>recommends</u> retention of the mandatory use of masks in health facilities to protect vulnerable patients and reduce nosocomial infection. Infection Prevention and Control Committees (IPCC) of health facilities can choose to retain mandatory masking and issue specific guidelines applicable to their facility.</p> <p>For all other stationary or mobile healthcare providers without IPCC, DOH still <u>recommends</u> masking to be continued.</p>

PROTOCOLS	FROM	TO
	<p>Mask wearing recommended for</p> <ul style="list-style-type: none"> ● Elderly; ● Individuals with comorbidities; ● Immunocompromised individuals; ● Pregnant women; ● Unvaccinated individuals; and ● Symptomatic individuals 	<p>For Public Transportation Wearing masks is no longer mandatory but not prohibited, especially for those who wish to protect themselves and others from COVID-19 or other respiratory infections.</p> <p>Mask wearing still recommended especially in crowded or poorly ventilated public spaces for:</p> <ul style="list-style-type: none"> ● Elderly; ● Individuals with comorbidities; ● Immunocompromised individuals; ● Pregnant women; ● Unvaccinated individuals; and ● Symptomatic individuals.
Minimum Public Health Standards	Good hygiene, frequent hand washing, observance of physical distancing, and good ventilation	Good hygiene, frequent hand washing, and good ventilation; especially in situations where close interaction with vulnerable populations cannot be avoided such as the elderly population, those with comorbidities and immunocompromised individuals.
Vaccination	Recommended	Recommended

As to clinical guidelines, the following are the updated *recommendations* informed by the Philippine COVID-19 Living Recommendations, World Health Organization, U.S. Centers for Disease Control and Prevention (CDC) and recommended by the members of the DOH Scientific Advisory Group of Experts for Emerging and Re-Emerging Infectious Diseases (EREID SAGE). As with all other diseases, patients are advised to consult their health care provider, most especially if presenting with moderate to severe symptoms.

The DOH also reiterates that neither repeat testing (showing a negative COVID-19 test) nor requiring medical certificates are required for resumption of work or entrance to school.

Table 2. Updated masking, quarantine and isolation protocols

	Masking / Quarantine / Isolation Protocols
Asymptomatic close contact exposed to confirmed COVID-19 positive individual	<ul style="list-style-type: none"> • No need to quarantine; and • Wear a well-fitted face mask for 10 days.
Asymptomatic but confirmed COVID-19 positive case	<ul style="list-style-type: none"> • Home isolation for 5 days OR until afebrile/ fever-free for at least 24 hours without using antipyretics (e.g., Paracetamol) and with improvement of respiratory symptoms, whichever is earlier; and • Wear a well-fitted face mask for 10 days. <p><i>Note:</i> Isolation may be shortened upon the advice of your healthcare provider.</p>
Confirmed COVID-19 positive case with mild symptoms OR individuals with acute respiratory symptoms	
Confirmed COVID-19 positive case with moderate to severe symptoms, OR immunocompromised	<ul style="list-style-type: none"> • Isolation for at least 10 days from onset of signs and symptoms following advice of the attending physician, including whether to be admitted in a health care facility; and • Wear a well-fitted face mask for 10 days. <p><i>Note:</i> For severe disease and immunocompromised, discontinue isolation only upon the advice of your healthcare provider.</p>

Whilst the state of public health emergency has already been lifted, the health sector shall continue to remain vigilant to ensure adequate health system capacity in the event that it is required. Continued surveillance is necessary to minimize the risk of outbreaks and/or severe disease in settings with high-risk individuals. Regarding modifications in surveillance, reporting and public risk communication, please refer to the table below:

Table 3. Reporting and Risk Communication

PROTOCOLS	FROM	TO
Surveillance	COVID-19 surveillance as a stand-alone surveillance system	COVID-19 surveillance protocols (case definitions, confirmatory testing, whole genome sequencing, case investigation forms, etc.) shall continue to be implemented until its integration into the pilot pan-respiratory surveillance system by Q4 2023 .
Disease Reporting Unit reporting to the	Mandatory reporting of all cases and laboratory results	Continue mandatory reporting of cases and laboratory results to

PROTOCOLS	FROM	TO
DOH		official information systems.
DOH reporting to the public	<ul style="list-style-type: none"> ● Weekly case bulletins are released ● DOH COVID-19 tracker updated daily 	<ul style="list-style-type: none"> ● Weekly to include other notifiable diseases ● Weekly to include other notifiable diseases

Finally, updated guidelines for incoming travelers (e.g. vaccination, testing, and isolation/quarantine requirements), issuance of vaccine certificates, implementation of the eTravel Pass, and the COVID-19 Alert Level System will be issued by the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF-EID) through the concerned agencies.

For dissemination and strict compliance of all concerned.

TEODORO J. HERBOSA, MD
 Secretary of Health
